Be it a public transport system, railway stations or government offices in the state, the differently - abled people here are at the receiving end, thanks to the infrastructure facilities built without taking them into consideration. Apart from the humiliation they face from the people they come across, they are also forced to undergo hardships in using public spaces and toilets. Due to absence of rails, ramps and toilets people with more than 50 percent disability are the worst affected as they have to crawl on the floor to use the public toilets.
